FREQUENTLY ASKED QUESTIONS:

Why should I take Bod•ē Pro Happy?

Bod•ē Pro Happy may be the right choice for you if you are seeking a dietary supplement to support mental clarity, focus, productivity, alertness, cognitive function, while giving you a natural energy boost.*

How quickly should I see results? Does Bod•ē Pro Happy work for everyone?

We believe people should see results within the first 15-30 minutes; however, since everyone is different physiologically, individual results may vary.

Can I take Bod•ē Pro Happy daily?

Yes, the product can be consumed daily, as directed on the product label.

Where does the caffeine content in Bod•ē Pro Happy come from?

Bod•ē Pro Happy yields the equivalent of 125 mgs of natural caffeine, the perfect level to promote mental focus, increase physical alertness, clarity while increasing your energy.* The caffeine is naturally-derived from the coffee bean and is equivalent to about one and a half cups of coffee. We chose to use this source of caffeine since it is a naturally-derived ingredient that is most compatible with the formula and great flavor of Bod•ē Pro Happy.

How is Bod•ē Pro Happy manufactured?

Bod•ē Pro Happy is made at a facility that meets FDA manufacturing standards called Good Manufacturing Practices. This ensures our product meets the highest quality possible.

Will Bod•ē Pro Happy make me jittery? Is caffeine bad for me?

Some people are sensitive to caffeine; but in moderate doses, it may benefit people interested in enhanced mood and athletic performance.*

What are antioxidants?

Antioxidants are substances found in nature that may protect cells from the damage caused by unstable molecules known as free radicals.* Free radicals are a by-product of overexercise, stress, and exposure to dirty air and other environmental pollutants. Bod•ē Pro Happy contains Vitamins A, C, D₃ and E: ingredients that possess antioxidant properties and may help fight free radicals in your body.*

What is the sweetener used in Bod•ē Pro Happy and why did you choose those sources?

Individuals who would prefer a natural sweetener will love the Bod•ē Pro Happy, which is sweetened with a blend of natural honey powder and stevia. After extensive research and testing during the product development phase, natural honey powder and stevia were chosen as the best sweeteners for this product. Many of the other sweeteners did not meet our criteria for compatibility with the Happy formulation. The inclusion of premium ingredients, formula efficacy and flavor in the Bod•ē Pro products are our highest priorities.

Can I take Bod•ē Pro Happy if I have a health condition or am taking medication?

As with any dietary supplement, we recommend checking with your healthcare professional before taking Bod•ē Pro Happy. If you are pregnant or nursing, or have a medical condition consult your healthcare professional before taking this product. Not recommended for children under 18 years old, or those who get an allergic reaction.

Does Bod•ē Pro Happy contain any restricted substances, narcotics or alcohol?

No, Bod•ē Pro products do not contain any restricted substances, narcotics or alcohol.

*Food supplement should not replace a varied and balanced diet and a healthy lifestyle. This product is not intended to diagnose, treat, cure or prevent any disease.
